The Legislature is starting a new system to allow remote presentations of proposed legislation and rules as well as remote public testimony for legislation, bills, and public hearings.

This week the Health & Welfare Committee will be limiting remote input to presentations only and not taking any remote public testimony.

Beginning next week, the Health & Welfare Committee will begin accepting remote public testimony for those unable to appear in person.

This is a new system with technical complexities. Please be respectful and patient as we bring this system online.

***Public Testimony Will Be Taken by Registering Through the Following Link:***  
***[Registry to Testify](#)***

***If you have written testimony, please provide a copy to the committee secretary.***
